THE AMER'S ILLNESS.
Serious Trouble Would Follow the Question of Succession.

ASSOCIATED PRESS LEASED-WIRE SERVICE.
LONDON, Oct. 15.—(By Atlantic Cable.) Gen. Lord Kitchener, formerly commander-in-chief of the British Army, in India, was interviewed today by a reporter of the Associated Press regarding the illness of the Amir of Afghanistan.
"Should the question of succession arise there will certainly be serious trouble at Caboul between the opposing parties, one favoring the succession of the elder son, Sardar Habi Bala, the child of a wife of low rank who has already held a sort of power at Caboul. The second party supports the younger royal wife in the interest of her son, who is a child. Upon a former occasion when the Amir's death was expected, this queen-mother made preparations to seize the treasury and gain the adhesion of the army."
"If the Amir dies, the Europeans at Caboul will be in danger from the fanatical attitude of Afghanists, which is only suppressed through the personal influence of the Amir. The situation will cause the greatest anxiety to the government of India. The summoning of a special council is a very unusual proceeding, and it is evident that the Earl of Minto considers the situation to be grave."

AN OUTLAW LEADER.

Arrest of Thomas Lucero, Who Has a Long Criminal Record.

ASSOCIATED PRESS LEASED-WIRE SERVICE.
SANTA FE (N. M.), Oct. 15.—Thomas Lucero, the notorious outlaw, who was the leader of the gang that assassinated Sheriff Doherty of Mora county, was captured at Grant Station, on the Atlantic and Pacific Railroad, today by Sheriff Cunningham.
Shortly before the Mora murder was committed, fourteen of the gang were arrested. Lucero escaped, and fled to the mountains. A confession by one of the outlaws shows that Lucero was the leader in most of the crimes committed in Central New Mexico for the past two years. Officers have been on the trail for several months.

LOURENZO MARQUEZ, Oct. 15.—The rebellious Kaffirs are again attacking the town. The government has appealed to the South African republic (the Transvaal) for assistance to quell the rebellion.

The Viceroy of Huk-Wang is Summoned to an Interview With the Emperor—The Rebels Capture Buildings.

ASSOCIATED PRESS LEASED-WIRE SERVICE.
LONDON, Oct. 15.—(By Atlantic Cable.) Dispatches to the Times from Tien-Tsin, which will be published tomorrow, say that the Pei-Yang squadron has been able to leave the dock completely refitted, with magazines filled and otherwise fitted for active service.

An imperial edict has been published at Peking, assuming for the government full responsibility for the protection of the foreign residents—and punishing certain culprits who have taken part in the recent assaults on travelers. The edict assures strangers that their persons and property will be protected, and its wording is highly satisfactory. The Chinese overtures for peace having been rejected without a hearing, the war now enters on a chronic stage, demanding an appeal to the latent forces of the empire. The latter are described as quite great, but it is added that they require time in order to organize them.

The Chinese government is prepared, though reluctant to do so, to engage in a protracted conflict. The party in power recognizes the urgency of radical military and fiscal reforms. The question is how long with the natural cohesion bear the strain of a civil war. The danger is, the correspondent adds, that a revolution may be followed by prolonged anarchy.

WASHINGTON, Oct. 15.—A cablegram was received at the State Department from United States Minister Denby at Peking, stating that the reports of danger to American residents in Peking are exaggerated. There has been only one instance of an attack on Americans, and adequate punishment was meted out to the perpetrators.

CHINA HAS NOT ASKED PEACE.
TIENTSIN, Oct. 15.—It is semi-officially stated that China has made no proposition for peace, and, therefore, the statement that Japan has rejected the overtures is not true.

HE WILL MEET THE EMPEROR.
LONDON, Oct. 15.—A special from Shanghai says that Shang-Tai-Toung, Viceroy of Huk-Wang, has been summoned to Peking, in connection with the uprising in his province. The Viceroy travels incognito, and upon his arrival at Peking will be given an interview with the Emperor.

The rebels in the provinces of Huk-Wang have renewed the disturbances, attacking some government buildings and capturing the railway station at Peking. The rebels have also captured the railway station at Peking. The rebels have also captured the railway station at Peking. The rebels have also captured the railway station at Peking.

DISPENSARY LAWS.

South Carolina and the Federal Government at Odds.

ASSOCIATED PRESS LEASED-WIRE SERVICE.
WASHINGTON, Oct. 15.—Gov. Tillman of South Carolina was at the Treasury Department today, and had an interview with Commissioner Miller of the Internal Revenue Bureau in regard to a question on which there seems to be a conflict between Federal and State authorities. Under the dispensary laws of the State of South Carolina, distilled spirits in the custody of the United States in bonded warehouses, belonging to parties who have violated the provisions of the law by selling them within the State, are declared to be a nuisance, and on conviction the State officers are authorized to seize and confiscate the liquor. In all such cases the Governor proposes to tender to the United States the value of the spirits, contending that the Federal authorities have no right to interfere in the matter.

Commissioner Miller took issue with the Governor and cited several decisions of the courts, among them being the Supreme Court of the United States, wherein it was held that goods in bonded warehouses were not subject to any process or proceeding issuing from a State court, and that so long as the government retained control of the goods its jurisdiction and authority was supreme.
No final decision, however, was reached, and it is probable that in deference to the wishes of Governor Tillman, the question will be referred to the Attorney-General for an opinion.

An Indian High-priest Refused a Lodging at Baltimore Hotels.

ASSOCIATED PRESS LEASED-WIRE SERVICE.
BALTIMORE (Md.), Oct. 15.—Swami Vivekananda, the noted high priest of India, came to Baltimore last night, upon the invitation of Rev. Walter Vrooman of the New Jerusalem Church, who, before his guests' arrival, went to several important hotels to secure apartments for him. At the first, he explained to the clerk who Swami Vivekananda was, and asked if he could board him during his stay in the city. The clerk refused to let him stay at the hotel, giving as a reason that, as the hotel had a good many patrons from the South, some of them might become offended by seeing in the hotel a man whom they might mistake for a negro.

The same condition of affairs was met at two other hotels. Rev. Vrooman then went to the Renner, where the high priest, Vivekananda, was welcomed, and given apartments. Rev. Vrooman is highly indignant that the distinguished visitor should have been turned away. Swami Vivekananda is very dark-skinned, and to this fact is due the whole trouble. "To think," exclaimed Rev. Vrooman, in the heat of his anger, "of a hotel-man turning from his door a man who was

A DOUBLE LIFE.

Strange Career of a Man Under Arrest for Murder.

ASSOCIATED PRESS LEASED-WIRE SERVICE.
BOSTON, Oct. 15.—Investigation by detectives has brought to light the fact that William Barrett, now looked up in the Cambridge jail, charged with the murder of Constable James Farrar of Lincoln, Mass., last May, led a strange double life. In New York city he supported a wife and child in style, and represented to them that he was a dealer in driving horses, while the evidence secured by the police leads to the conclusion that he was also a prominent burglar.

On the night of May 17 last a burglar entered the house of James Farrar in Lincoln, Mass., and, with the aid of a woman, who was his sister, and his brother and several neighbors pursued the burglar. After following the footprints of the thief's rubber shoes for some hours, they came across Barrett in the woods and attempted to arrest him. In the struggle which followed, Barrett killed Farrar. Barrett, captured, however, was released on bail, and, as a result of the investigation, he was found to be a prominent burglar.

It now develops that Barrett's real name is William Barrett, and the police claim that he has been a professional burglar for some time. When his wife discovered who he was she left New York and went to Canada, with her son. It is said that the boy is still ignorant of his father's character.

Smallpox on the Kron Prins Frederik Wilhelm from Naples.

ASSOCIATED PRESS LEASED-WIRE SERVICE.
NEW YORK, Oct. 15.—The steamer Kron Prins Frederik Wilhelm, from Naples, with eight cabin and 499 steerage passengers on board, was detained at quarantine, owing to the detection of a suspicious case in the steerage. Drs. Talmage and Salmon were of the opinion that the patient suffered from smallpox. Dr. Dillingham and Benedict of the New York Health Department, both experts in the handling of epidemic diseases, were called, and, after a thorough examination, confirmed the diagnosis. The passenger having been found mingling with his fellow-passengers, exposing all to the disease, the whole number of steerage passengers will be vaccinated and transferred to Hoffman's Island, to await the development of the disease for a period of fourteen days.

The cabin passengers will be sent to the dock this evening. The steamer will be disinfected and released some time tomorrow. The name of the patient has not been obtained.

The Mississippi to be Fortified at Its Mouth.

ASSOCIATED PRESS LEASED-WIRE SERVICE.
WASHINGTON, Oct. 15.—The Navy-Advocate, Lemley of the Navy Department has just returned to Washington from New Orleans, where he completed the purchase of a tract of land adjoining the site for a drydock at Algiers, opposite the city. The price paid was \$47,000.
The proposed site is the site of a great dock and naval station at the mouth of the Mississippi River has directed the attention of the military authorities to the advisability of extending the general scheme of coast defense to that point. It is felt that the absence of modern defenses at the mouth of the great river is a vital weakness in the general system, as it would afford an enemy the opportunity of cutting the country in two and paralyzing the internal commerce of the Union.

The Loss at Quantico.

NEW YORK, Oct. 15.—President L. C. Welf of the Adams Express Company said today that he believed the loss from the Quantico train-robbery would not exceed \$25,000, and the sum will probably be less, as part of it doubtless was in drafts and bonds not negotiable.

Excitement in Russian Circles is Very Great—Alexander's Second Son is Mentioned as His Successor.

ASSOCIATED PRESS LEASED-WIRE SERVICE.

MINNEAPOLIS, Oct. 15.—Has the Czar of All the Russia's been skillfully poisoned and slowly put to death by scientific means in the hands of nihilists? Dr. George F. V. Schmidt, a German traveler now in Minneapolis, has received secret dispatches from St. Petersburg, which throw strong light on the crisis in European politics caused by the impending death of the Czar. These dispatches are written in sympathetic ink on apparently a blank piece of paper. The application of heat brought out strange stenographic characters which the doctor readily translated for the Associated Press as follows:
"The Czar is lying at the point of death. The excitement in the highest circles of Russia is tremendous. It is understood in a wide circle of Russia, that the Czar's sickness was brought about by scientific means and his death will not be a natural one. It is on account of this the journals conceal the fact of the Czar's sickness. There is a party that wants to set the Czar on the throne. The Czar-witch is of a cranky, melancholy nature, inclined to institute most radical reforms throughout Russia, and has already made plans for such action. He is much hated by the clergy. The Patriarch of Moscow, who is at the head of the Greek church, has traveled about with the Czar in order to persuade him to put his second son on the throne, instead of the Czar-witch. The Greek Catholic church of Russia is feverishly excited. The Reichsrath, or Council of the Empire, is holding secret councils. The Pan-Slavic party is with the Church and against the Czar-witch, who is a great friend of Germany. Should the Czar decide to put his second son upon the throne, this would be looked upon as a direct insult to Germany and would be attended with most serious results."

"The second son of the Czar is very inclined to Germany; is friendly to the French; dreadfully despotic and in the highest degree headstrong and a strong autocrat. It is feared on his death-bed, church influence will succeed in inducing the Czar to call his second son as his successor. As his second son is very hot-headed, he is sure not to remain long on the throne without being seriously involved in state troubles. The eighty-eight-year-old Patriarch of Moscow has had a two hours' conference with the Czar at his death-bed, but no one knows the purport of this talk. The second son of the Czar is very despotic, opposed to the liberty of the people, and is of an envious nature. He is a fine soldier; fond of fight; a martial fellow and very ambitious. He is the enemy of England, Germany, and above all, America. He not only intends to increase the size of Asiatic Russia, but to attempt the tremendous task of bringing Bering Straits under Russian control and extending the empire in the direction of America. This prince is, by all odds, one of the greatest generals in Russia, having been with Mourka and Timasheff, and having studied with the latter. All cabinets of Europe are alarmed. It is rumored the entrance of England into the Dreubund, or Triple Alliance, is about to take place. Already between Russia and France secret relations have been entered into."

HER VOICE CAME BACK.

An Erstwhile Dumb Woman Breaks Forth in Church.

ASSOCIATED PRESS LEASED-WIRE SERVICE.

INDIANAPOLIS, Oct. 15.—While the Rev. C. W. Van Osdel of Galesburg, Ind., was preaching at the First Baptist Church in this city last night there was an occurrence which the congregation regard as little short of a miracle.
Mrs. Mary Miller, residing at No. 229 North Jersey street, once a well-known singer in this city, but who has been absolutely dumb for four years, suddenly discovered that her voice had returned to her and she joyfully began singing with the rest. She is a widow and 41 years old. The choir at the time was singing that familiar church hymn, "He Leadeth Me." When it reached the line, "By His own hand He leadeth me," she began to hum the music unconsciously. Then she made an effort to join in, which she did with a power that made her voice heard above the choir. When the hymn was finished, she uttered a well-known interlude while Mr. Miller talked with her friends. Her voice is strong, but so totally changed in quality as to be unrecognizable by her friends or her family.

Chief Henrik Wilboi Makes Advances to German Troops.

BERLIN, Oct. 15.—(By Atlantic Cable.) A dispatch from Maj. Leutwein, Imperial Commissioner of Southwest Africa, in command of the expedition operating against the powerful Hotentot chief, Henrik Wilboi, announces that the latter has yielded to Germany, whose troops have occupied his stronghold.
Advices from Walflah Bay, on September 15, announce that Maj. Leutwein on August 12, stormed Chief Wilboi's camp. Wilboi escaped, and subsequently sent messengers with offerings of peace to the German commander. During the engagement Lieut. Diestel and eight German troops were killed, and ten or twelve Hotentots were wounded. Wilboi had been giving the Germans trouble for a long time.

**GETTING THE PAVILION DISPLAY IN
SHAPE—NEW FEATURES.**

Yesterday morning at an early hour all was bustle and hurry about the fair grounds, and although much was done toward getting the exhibits in shape, the display was not all arranged when night came. This, however, is no matter, everything will be in readiness for the accommodation of the visitors. Carpenters, painters and decorators have all taken part in the preliminary work about the pavilion, and be the result of their efforts is expected to be of a particularly satisfactory order.

The building is located just at the left of the main gateway, where it can be visited by the crowds as they go to and from the other exhibits. As the visitor enters the west doorway he walks beneath an arched fringe of pepper boughs which hangs from the beams above, and gradually merge into the tall, slender, evergreen that decorate the pillars. All over the interior of the pavilion the spreading leaves of the fan palm meet the eye and soften the effect of the tall, slender columns. The brilliant burning suspended in grooved bands from the center of the cupola in the form of a variegated canopy. This pleasing style of decoration prevails throughout the building, being repeated in different nooks and corners by the addition of natural tints lent by the many products of the soil, which are the result of the scientific culture about the tables and floors.

Just inside the west entrance the first booth to meet the visitors' gaze is that of the "Fruit of the South," in which are shown first the raw beet, and in miniature the various processes through which

THE NEW STANDSTAND.

After the numberless sights of interest have been given attention, the new grandstand is the next object of interest as a point of vantage from which may be seen the various details of the racing programme. The new stand is a great improvement over the one in use during previous years, and close consideration of the various details is calculated to minister to the comfort of the patron is manifest in its construction. Heretofore the members of the press have been obliged to find a vantage point by climbing the crowded scales in the lower part of the judges' stand whence the boys were constantly streaming in the weighing-in and weighing-out precincts. The new stand provides which furnishes a seat for just one worker on each paper and no more, being a slight improvement over the best of the former stand. The new stand has always been run very "close to the wind" in the matter of press facilities, but the newspaper workers are strongly in hopes that in the course of the coming year the stand will be deemed to be entitled to sufficient consideration to have at least ordinary conveniences afforded them in order that they may be able to perform their duties without having the task attended by positive discomfort.

Boxes along the front of the grandstand have been engaged this year for the season by the following: Maj. S. N. Anderson, R. R. Brown, W. H. Wiley, J. C. Newton, M. S. Severance, W. H. Stimson, Anderson & Chanlor, K. C. Frisbie, J. W. Brown, J. C. Raman, G. Run Waring, Ben E. Ward, A. A. Dickson, Mrs. Emily Childs, Dr. W. R. Bird, F. G. Ryan, Charles E. Bernard, Dr. Small & Co., J. SECOND RACE.

The next event was the much-talked-of Los Angeles Derby, at a mile and a quarter, for which five at racy-looking three-year-olds as well as a few two-year-olds took part. The favorites were Polanky, Al Morine's Montvalto, Chacker's Lottie L., and L. J. Rose's Oriyella. The latter was the favorite, but she was constituted the favorite in the pools at \$50, with the Owens stable second choice at \$12, but Montvalto had plenty of fanciers among the regulars, and she was the favorite among admirers who were eager to pick her up at \$6. The result proved quite a set-back to the Owens stable, for Oriyella broke down and the despised Montvalto captured the prize from Polanky without any trouble whatever. In \$10.

FIELD OF POLITICS.

STIRRING SPEECHES FROM ENTHUSIASTIC REPUBLICANS.

A Lively Meeting Held in the Rooms of the Los Angeles Club—Fourth Ward Republicans Preparing to Organize.

A number of county candidates and other Republican speakers addressed an enthusiastic audience at the rooms of the Los Angeles Club last evening, the meeting being one of the series which will be held throughout the city during the coming three weeks. F. M. Fairbanks presided as chairman in a very acceptable manner, and the speeches were all received with vigorous applause.

R. N. Bull, candidate for the Assembly from the Seventy-fifth District, spoke about State matters particularly. He outlined in a general way the work done by the Republican legislators at the last session at Sacramento, and then took up the topic of State expenditures, answering the arguments of Jim Budd in a clear and convincing manner. He spoke of the fallacy of attempting to compare the expenditures of California with those of miniature Eastern States having but a small area, and contending that the little territory to look after. He agreed with Mr. Budd that a number of useless commissions might be abolished, and the work done by the State officials, he said, was not believed to be as well done as that of the comparatively few amounts now paid, and he showed that altogether the cost of maintaining the State government was very small.

William Young, nominee for Township Justice, made a few appropriate remarks, and he was followed by M. T. Owens.

T. E. Newman, nominee for County Clerk, and W. H. Chamberlain, president of the Federation of Republican Clubs, also appeared before the audience. Mr. Newman, who is a native of the Republic, has ever reason to believe will be the next District Attorney of the county, made the first lengthy speech of the evening. The major part of his address was a logical talker, and he possessed the faculty of putting his own personality behind him when speaking on the stump, and presenting Republicanism in a straightforward and interesting manner. Last night he talked about the tariff question, as well as State and local issues. His arguments were closely listened to, and when he sat down at the end of his three-quarters of an hour, those assembled in the rooms cheered him heartily.

H. A. Pierce was prevailed upon to make a few remarks, and he responded to the invitation in his customary happy style.

Music was furnished during the evening by the Colored Glee Club, and in conclusion T. F. Laycock sang an original campaign song, which created a round of amusement.

Fourth Ward Republicans.

Pursuant to a notice issued, a number of Republicans of the Fourth Ward gathered at the hall at the corner of Seventeenth street and Grand avenue last evening at 8 o'clock for the purpose of reorganizing the ward club.

When the hall had become well filled Walter S. Moore, chairman of the Republican City Central Committee, stepped forward and made a brief introductory address. He said that it had been urged by the Federation of Republican Clubs that the Fourth Ward was the only district in the city without a regular organization and that a ward club would be of considerable assistance in aiding in the campaign work. He advised in order that the entire ward have sufficient notice that a temporary organization be formed and that an adjournment be taken until Friday evening, when permanent officers could be elected.

The suggestion was acted upon and J. F. Burns was chosen as temporary chairman and W. P. James as temporary secretary.

An urgent request had been sent in asking that a committee be appointed at once to represent the ward in the Federation of Clubs, the chair, on motion, named the following to serve on that committee: S. H. Klinger, Conrad Scheerer and J. H. Book.

A Committee on Permanent Organization, consisting of Louis Gottschalk, J. M. Riley and W. S. Lyon, was appointed and then the meeting adjourned.

The hall at the same place has been secured for Friday night when the club will be regularly organized.

After prayer and general conference Rev. C. S. Mason was introduced and spoke in behalf of the Gospel Union of the city. Considerable discussion was had after which the following resolution was unanimously passed:

"Resolved, that we heartily endorse the work of the Gospel Union Mission and pledge it our moral aid, and commend it to our several churches for their financial support."

INHALED GAS.

The Sad Death of Miss Valentine Weiler.

Valentine, the beautiful and accomplished eighteen-year-old daughter of Prof. Richard Weiler, was found dead in bed in her room by her father, yesterday morning at 6 o'clock. A strong odor of gas indicated the cause of her death.

The coroner held an inquest on the body of the hapless young girl at the residence, No. 815 1/2 Temple street, in the afternoon, and the jury returned a verdict of suffocation by inhaling gas. The funeral will take place this afternoon at 2:30, from the residence, and the interment will be had in Evergreen Cemetery.

The bereaved father, upon being asked for particulars of the sad affair, said that his wife being on a visit in Pasadena, Miss Valentine had agreed to cook breakfast.

About 6 o'clock yesterday morning her brother knocked at her door to wake her, but could get no answer. The professor then proceeded to call her, and he, too, being unsuccessful, went around by the veranda, lifted the window, which was unfastened, and came near suffocating from a strong flow of gas. When he could safely enter the room he found the body of his daughter cold in death, in the bed.

As there was no newspaper living in the room, he is of opinion that Miss Valentine had been reading, and then accidentally turned on the flow of gas. He was firmly of the opinion that it was an accident, as there was no possible reason to believe in a case of suicide.

Many sympathizing friends of the Weiler family called upon them yesterday to extend their condolences.
